Mankind

is about to undergo its most startling transformation

The position of our Assemblage Point is a pivotal force on our state of health and has a dominating effect on 'how we feel' and 'how we behave'. Consciousness extends beyond the boundaries of our physical body. By accessing the quantum biological energy fields surrounding us, it is now possible to treat physical and mental disease in radical new ways. As a stable and correctly located Assemblage Point increases health and efficiency.

Aside from the spiritual, medical and psychological benefits, the wider professional application of the Assemblage Point techniques will greatly benefit humanity. The NAKED SPIRIT, supported with 254 Illustrations, exposes the essence of the human psyche and is the Supernatural Odyssey.

This is a book for Everyone. One can see easily represented and exposed the diversity of the human soul and its spiritual expressions in society. Here, the reader can estimate one's own position, draw conclusions and discover ways to improve the situation.

Containing the physical, psychological, emotional and spiritual maps for health and disease together with the Assemblage Point Blueprints, its contents will preserve lives and generate and save more money than can currently be estimated.
